

Day 1 - Thursday, October 26

	Room I	Room II	Room III	Room IV	Room V
16:00-16:30	Registration				
16:30-18:00			Special interest group 1 Insightful approach on QoL in thyroid diseases	Special interest group 2 Efforts from the fundamental to the control of senescence	Special interest group 3 Multifaceted roles of hypothalamus in human health ** Ruby&Jade(3F)
18:00-18:10	Break				
18:10-20:00	Welcome reception				
19:00-20:00			Satellite symposium 1	Satellite symposium 2(K)	

Day 2 - Friday, October 27

	Room I	Room II	Room III	Room IV	Room V
08:00-08:30	Registration				
08:30-10:00	Symposium 1 Revolutionizing beta cell research	Symposium 2 Cutting edge in thyroid oncology	Hot topic Novel discoveries in FGF23	Symposium 3 New insights into pituitary tumors	08:30-09:30 Songwon award lecture 09:30-10:00 The hormone health foundation(K) Aspiration of KES for a better world
10:00-10:50	Oral session 1 Diabetes/Obesity/Lipid (Clinical)	Oral session 2 Thyroid	Oral session 3 Bone/Muscle	Oral session 4 Diabetes/Obesity/Lipid (Basic)	Oral session 5 Pituitary/Adrenal/Gonad
10:50-11:05	Break				
11:05-11:15	Opening address				
11:15-11:55	Plenary lecture 1. Basic ROCKing role for a hunger signal				
11:55-12:10	Break				
12:10-13:00	Luncheon symposium 1	Luncheon symposium 2	Luncheon symposium 3		
13:00-13:40	Poster oral/exhibition session 1				
13:40-15:10	Clinical update 1 New targets for cardiometabolic diseases	US ENDO-KES joint symposium Latest perspectives and advancements in thyroid	Symposium 4 Muscle & metabolic disease	Symposium 5 Immunometabolism and endocrine disorders	Symposium 6 New perspectives on managing adrenal insufficiency
15:10-15:25	Break				
15:25-16:05	Plenary lecture 2. Adrenal New androgens and new treatments for congenital adrenal hyperplasia				
16:05-16:35	Namgok award lecture				
16:35-16:50	Break				
16:50-18:20	Symposium 7 The latest on emerging diabetes-related complications	Clinical update 2 Recent updates of thyroid hormone replacement	What we learned from big cohort studies in Korea	ESA-KES joint symposium Pituitary and adrenal frontiers	Early career forum Shaping tomorrow's endocrinology
18:50-21:00	Gala dinner				
19:00-20:00	Satellite symposium 3(K)	Satellite symposium 4(K)			
Clinical ultrasound training room					
13:00-15:00	Clinical ultrasound CME (K)				
15:00-17:00	Clinical ultrasound Hands-on (K)				

Day 3 - Saturday, October 28

	Room I	Room II	Room III	Room IV	Room V
07:00-07:30	Registration				
07:30-08:00	Breakfast symposium 1	Breakfast symposium 2	Breakfast symposium 3		
08:00-08:30	Break				
08:30-10:00	JES-KES joint symposium Updates on incretin-based treatment in metabolic diseases; from basics to clinical trials	Area of uncertainty Low risk PTC; how can we handle it?	Global endocrine summit	Symposium 8 Gut-brain axis for homeostasis	Clinical update 3 Update of vitamin D & parathyroid hormone
10:00-10:15	Break				
10:15-10:55	Plenary lecture 3. Diabetes Cell replacement therapy for diabetes: bench to clinic				
10:55-11:10	Break				
11:10-12:40	Symposium 9 Hot combination therapy in T2DM	EnM session Evidence-based management of low- and intermediate-risk thyroid cancer	ESE-KES joint symposium Conquering rare parathyroid diseases through consortiums of collective intelligence	Clinical update 4 Overcoming endocrine challenges in pituitary and adrenal disease	KDA-KES joint symposium(K) Let's build up hope for future generations
12:40-13:30	Luncheon symposium 4	Luncheon symposium 5	Luncheon symposium 6		
13:30-14:10	Poster oral/exhibition session 2				
14:10-14:30	Endocrine quiz				
14:30-15:10	Plenary lecture 4. Thyroid Human thyroid organoids derived from pluripotent stem cells to rescue hypothyroidism				
15:10-16:10	Year in review (Diabetes/Thyroid/Bone)				
16:10-16:30	Closing ceremony
